Intelligent Energy  Europe

RegCEP: regional clusters in energy planning

- *Shannon industrial zone (Ireland)*
- *Bayton road industrial estate, Coventry (UK)*
- *Metal structures industry, South Karelia (Finland)*
- *Metal engineering, Marche (Italy)*
- *Forest and wood cluster (South Estonia)*
- *Kabai industrial cluster, North Great Plains (Hungary)*
- *Tool-making cluster, Celje (Slovenia)*
- *Mixed cluster, Ruse (Bulgaria)*

RegCEP partners

Ireland

*Shannon Development (lead)
Limerick Clare Energy Agency*

Finland

University of Lappeenranta

UK

University of Coventry

Italy

*Asteria Technology Agency
Agena Energy Agency*

Bulgaria

*Ruse Business Centre
Ruse Energy Agency*

Slovenia

*Celje Regional Development
Kssena Energy Agency*

Hungary

Eastern Hungary Foundation

Estonia

Baltic Innovation Agency

Europe

*European Association of
Development Agencies*

The RegCEP approach

Key work packages:

- *energy efficiency*
- *renewable energy*
- *cluster energy plans*
- *cluster pilot projects*
- *trans-national tool-kit*
- *dissemination*

RegCEP outcomes in Shannon

- ***Energy efficiency in enterprises***
- ***Renewal of buildings***
- ***Renewable energy***
